

Costa Classica

Timeless design.

The ship is modest and elegant, as you can see from the new-look furnishings that welcome you when you board. Like Ginger and Fred, Luciano Vistosi's glass sculptures located in the centre of the hall, who invite you to go for a twirl on the marble flooring as if you were on a glittering dancefloor. With live shows and a piano bar the music rises up to the skies, where the Galileo Club Observatory awaits you - the beautiful circular disco on the ship's top deck. And like a show within a show, the delicate mosaics by Emilio Tadini decorate the theatre.

A romantic "fin de siècle" Paris awaits you at Piazza Navona, with small intriguing sculptures by Isaac Maimon, where ladies sitting in an old-style café are waiting for their loved ones. Don't keep them waiting!
